

Cylindrical Glass Lined Steel Storage Tanks

from: Priotech GT LLC

Price: \$0.00

Date: 2020-11-25 06:13:00

Expiration Date: 0000-00-00 00:00:00

Description

Glass Lined Steel Storage Tanks Can Be Used for the Storage of: Process or Industrial Water Waste Water Hydrocarbons (Crude Oil, Fuels, Petroleum Sludge, Etc.) And Various Chemicals Drinking Water Liquid Manure for Biogas Installations Glass Lined Steel Tanks' Insulation Can Be Made External with Mineral Wool and Protected with Corrugated Sheet. In This Case, When Thermal Insulation Is Externally Made Then You Can Eliminate the Inner Liner. That Means the Stored Liquid Will Make Direct Contact with the Body of the Tank.
