

# D.C. Solar Submersible Pumping Systems

from: CRI Pumps FZE

**Price:** \$0.00

**Date:** 2017-09-14 08:16:00

**Expiration Date:** 0000-00-00 00:00:00

## Description

These Deepwell Pumping Systems are Available in Screw and Centrifugal Type Solar Pumps with Different Head and Flow Range to Meet Customer Requirements. Lower Capacity Pumps of these Systems are Supplied with C.R.I. Oil Filled Permanent Magnet, Brushless DC Motors and Higher Capacity Pumps are Supplied with C.R.I. Water Filled Rewindable A.C Motors. High Quality Polycrystalline Solar Panel Ensures Optimum Efficiency of the System.
