

Gujarat Ion Exchange And Chemicals Limited

309, Sarthik Square
TGB service road
Ahmedabad, Gujarat 380054
India

Phone: +91-7940051106

Established in 1996, Gujarat Ion Exchange and Chemicals Ltd is one of the prominent water & wastewater treatment plants located in Ahmedabad, Gujarat. Few years ago, GIECL recognised the growing need for water purification systems and wastewater treatment plants and set out to fulfil the need for drinking water purification plants across the globe. Today it is a promising option for mineral water treatment plans and drinking water treatment plants. During the years, they have put in a lot of efforts to reach where they are.
