

Marjan Factory for Fiberglass

P.O.Box 452

Saudi Arabia

Phone: +966-13-8121420

Fax: +966-13-8121484

To meet the countries requirements, in way best economic and political development towards the coming years,we decided to add our contribution. Water management is one of the important fields to be studied, protected,and utilized by the country for the next generation.By using natural resources available in the country and the world latest technology, we selected our field to manufacture and supply some special construction accessories.
