Provides High-Pressure Cleaning Equipment and Vacuums to the Mining, Commercial and Residential Cleaning Industries. Jasman Enterprises Has 30 Years of Experience in the High-Pressure Water Cleaning Industry. We Supply and Service the 'WashMate', an Australian Manufactured High-Pressure Cleaning Machine Which Uses Cold Water. The 'WashMate' Is a Reliable, Top Performer and Cheaper to Run than Plastic 'out of the Box' Units. Boiler Attachments Are Also Available for Hot Water Applications, to Find out More about Our Range of Industrial High-Pressure Cleaning Machines and Spare Parts.
