AIN METALWORK specializes in metal mesh fabricate. As an expert in metal industry, we can offer custom manufacturing and fabrication of all metal products, including expanded metal, perforated metal, safety grating, architectural mesh and wire mesh. Our company purpose " Integrity Service customers, to be quality Chinese Supplier" In the age of internet commercial business, suppliers is almost saturated. Our company win business because of our more focus on clients. After-sales service and price are both pivotal in our point, meanwhile the timely lead time is very important for consideration.
