The Saudi Aluminum Industries Company (SALUMCO) is one of the first aluminum fabrication plants to operate in the Kingdom of Saudi Arabia. SALUMCO was established in 1970 in Riyadh. SALUMCO can design, engineer, finish, fabricate, assemble and glaze all necessary components to provide a complete building enclosure package. Our expansive aluminum product line comprises of standard or custom-designed Glazing Systems that range from Curtain Walls to Aluminum Composite Panels and Total Vision Glazing Systems to Aluminum Specialties.
